Professional Summary

I'm a passionate and adaptable Information Technologist with hands-on experience in software development, cloud Infrastructure and Devops. I co-founded Bazelink, an e-commerce platform where I led the delivery of secure scalable web solutions with intuitive user interfaces. I enjoy working in collaborative, cross-functional teams and thrive when solving real-world problems through technology. I'm always learning, building, and excited to contribute to innovative projects that make a meaningful impact

Key Achievements

- Co-founded Bazelink, a growing e-commerce platform that attracted 100+ users in its first 3 months.
- Reduced server downtime by 40% through proactive monitoring and deployment automation.
- Integrated Daraja API, increasing successful mobile payments by 35% and enhancing payment reliability.
- Led full-stack development and cloud Infrastructure(GCP) of systems across e-commerce, insurance, banking and smart agriculture sectors.

Skills

- **Programming Languages**: Python, C, C++, JavaScript, PHP (Laravel)
- **Web Development**: HTML5, CSS3, Django, React.js, Laravel, Bootstrap, Next.js
- **Backend & APIs**: Node.js, Express.js, Flask, FastAPI, JWT, REST
- **Databases**: MongoDB, MySQL, SQLite, PostgreSQL DB
- **DevOps & Tools**: Git, GitLab CI/CD, GitHub, Render, Firebase, Docker, Github Actions, Kubernetes
- **Testing Tools**: Pytest, Jest, Vitest
- **Cloud & Infrastructure:** Google Cloud Platform, Firebase Hosting, AWS (EC2, ALB, VPC, EKS, ECS etc.)
- **Data Analysis**: Pandas, NumPy, Matplotlib, Seaborn, Jupyter Notebooks , PowerBI
- **Development Concepts**: Agile, Caching, Deployment, System Optimization, API Design
- **IT Operations**: system Administration, Troubleshooting, IT support
- **Office Tools**: MS word, Excel, PowerPoint, Documentation
- **IT Management:** Basic project Coordination, Process Automation, Asset Management, Incident Reporting
- **Soft Skills:** Problem Solving, Teamwork, Communication, Client Support, Time Management, Adaptability & Continuous Learning

Experience

Bazelink | Co-founder & Full Stack Developer
Jul 2024 – Present | Rongai, Kenya

- Spearheaded the development and launch of Bazelink, connecting 100+ users within 3 months.
- Implemented secure payment integration (Daraja API) and led cybersecurity measures including API hardening, CI/CD pipelines, and regular system audits to mitigate threats.
- Reduced downtime by 40% through server monitoring and automated deployment.

- Optimized backend systems and database queries, improving performance by 30% and reducing server downtime by 40% through proactive monitoring and automated deployments.
- Applied data analytics for usage insights, enabling feature improvements that boosted customer engagement and streamlined user experience.

Nairobi City Water & Sewerage Company | IT support Intern
Jul 2025 –Sept 2025 | Nairobi Kenya

- Delivered daily IT support to 50+ staff members, resolving technical issues and achieving a 90% same-day resolution rate.
- Assisted in server monitoring and routine maintenance, helping reduce downtime incidents by an estimated 20%.
- Provided troubleshooting, improving employee productivity and boosting IT support satisfaction.

Projects

Smart Agriculture

- Built a web platform enabling farmers to track inputs, yields, and expenses, improving decision-making and cost efficiency.
- Designed with Next.js, TypeScript, FastAPI, and PostgreSQL, docker, PWA Kubernetes; deployed across Supabase, Render, AWS, and Firebase for scalability.
- GitHub: https://github.com/samnjoro30/Smart_Agriculture.git

E-Payment System

- Developed a full-featured online banking app supporting secure transactions and account management.
- Delivered with React.js, Node.js, Express, and MongoDB; integrated authentication and data security features.
- GitHub: https://github.com/samnjoro30/E-Banking-Tech.git

Education

Bachelor of Science in Information Technology

The Cooperative University of Kenya | Sept 2022 – Expected graduation Dec 2026

Certification

ReStart Program | Aws Cloud Practitioner | May 2025 - Aug 2025

Emobilis Institute of Technology | Software Development | Oct 2024 – Dec 2024

ALX | AI Career Essentials | Jun 2024 – Jul 2024

CISCO Academy | Python Essential | Jun 2023 – Aug 2023

CISCO Academy | JavaScript Essential | May 2024 – Jul 2024

Professional Membership

Member, Institute of Electrical and Electronics Engineering (IEEE)
